

In home page:

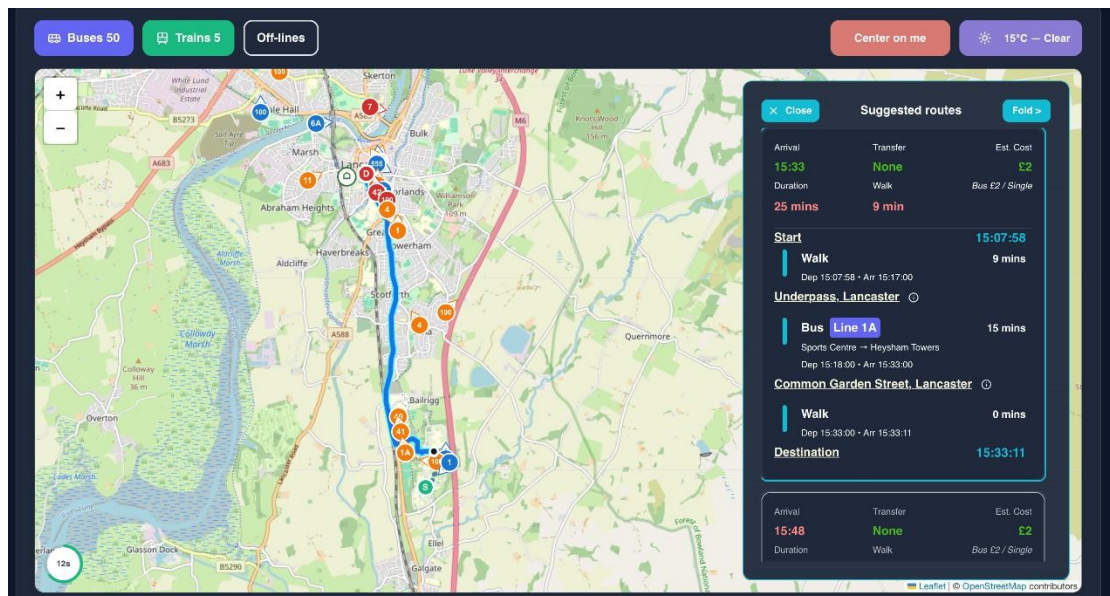

For routing:

To do routing from current location starting now, simply input destination into the "To" bar, choose the right one from the prompts, and click "Search routes".
(First routing takes slightly more time)

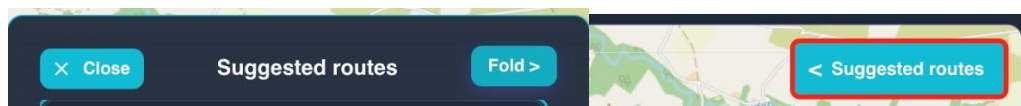

To view results, scroll down and see results in "Suggested routes" card.

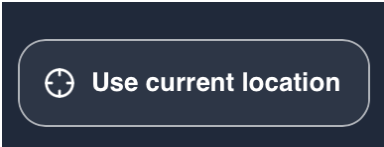

Scroll in "Suggest routes" card to compare results, click on one result to view its track.

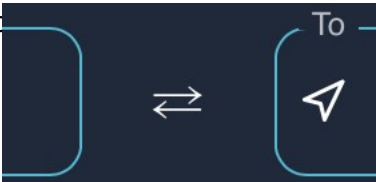

Click on "Fold" to temporarily hide the routes card or click on "Close" to close it.

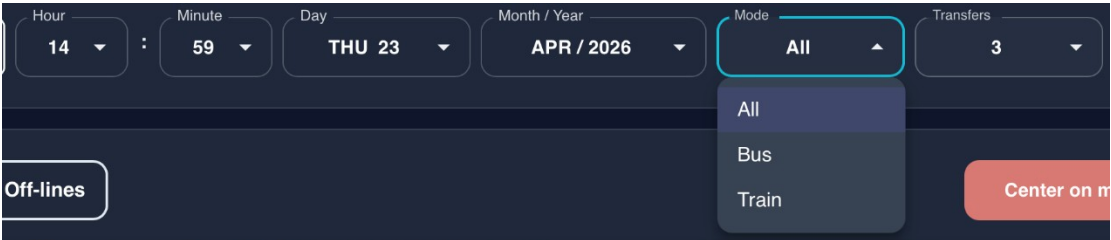

For different routings, scroll up and click on "use current location" to auto fill "From" location.

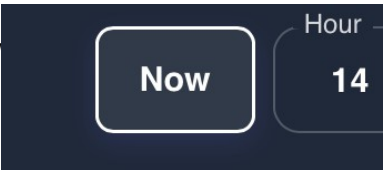

Click on the switch button between "From" location bar and "To" location bar to switch locations in them.

Adjust start time, mode limit and transfer limit using the drag down boxes below.

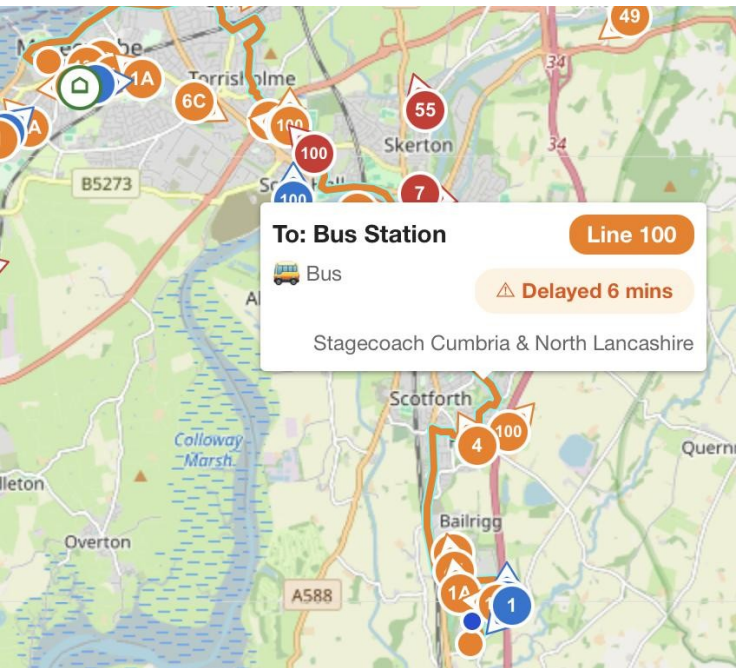

Click the "Now" button to quickly set start time to now

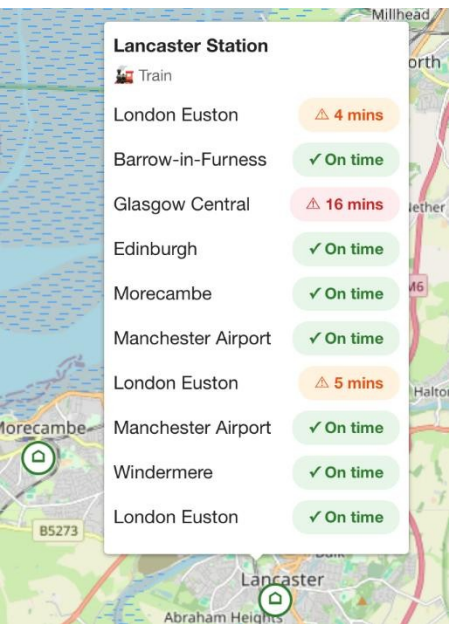

For map and live vehicles:

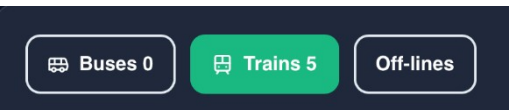

Hover over buses to see info, click on the bus to show its route track.

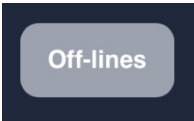

Hover over or click on a train station to see its departure

Use "Buses", "Trains" filters to filter out buses or trains.

Click "Off-lines" button to show or hide off-line buses.

Click "Centre on me" to zoom the map to current location

Center on me

Click weather button to show weather details

☀ 16°C — Clear

Scroll down to bottom of page to see service alerts at train stations and upcoming departures at train stations.

Service alerts

⚠ Trains between London Euston and Watford Junction may be cancelled, revised or delayed. More details can be found in [Status and Disruptions](#).
